STEAMBOAT SPRINGS, COLORADO

MEADOWLARK

Meadowlark residence, named after the celebrated sounds of nature that emanate from the rolling hay meadows, barn, and Aspen groves that lie before the home, inspires feelings of both tranquility and cheerfulness to the beholder. Featuring a mountain-transitional style of design, Meadowlark residence features 5,588 square-feet of custom living space, designed to maximize light at every turn. Distinct contemporary features abound inside and outside of the home, yet timeless elegance is celebrated through the home's traditional gabled roofline. The main floor features a spacious chef's kitchen, dining and great room, master suite, office, mudroom/laundry, powder room, and a spacious 3-car garage. The lower floor boasts 3 bedrooms en suite, a bunk room and additional bath that serves the bunkroom and as a powder room, a large family/rec room, laundry room, wine storage and an exterior covered patio. The residence also offers a 540 square-foot bonus room over the garage that can be build out to suit any resident need. This spacious home with easy driveway access is located near the main entry of the ranch and is just steps away from the Owners' Barn, which serves as the activity center of the ranch. Offering tremendous views of emerald green meadows and the Steamboat ski area, this smartly designed, two-level home is a place for families to gather for generations. Completion is estimated March 2022.
